5 I do not know what is exactly meant by "the grant for distress relief measures". If the intention is that the Famine Insurance Fund should be drawn upon for meeting the pay of this officer, I have to state that the arrangement is open to financial objection. The ~~condition~~ situation is not one of famine and no famine has been declared. Strictly, therefore, it is not right to draw upon the Famine Insurance Fund at all. It is because that

that we have absolutely no other means of meeting the cost of measures to be undertaken for the relieving existing distress it has become necessary to draw upon the Famine Insurance Fund, and I have stated more than once that the draft on the Fund should be very sparingly made. I cannot understand why the pay of Dr. Venkata Rao should not be borne by the Budget of the Agricultural Department. Surely, it is the business of the Agricultural Department to undertake the work of live stock preservation and it ought not to be necessary to draw upon the Famine Insurance Fund for paying his salary for the period. On an occasion of a famine or a distress, it is absolutely necessary to press into service as much of the grants of Service Departments as possible and it is only for meeting ~~the~~ expenditure ~~that~~ which cannot be provided for, ~~that~~ so it is justifiable to draw upon the Famine Insurance Fund. During the employment of Dr. Venkata Rao on this work, I do not think it is right to permit his appointment to be otherwise filled up in the Agricultural Department. I would, for all these reasons, suggest that the cost of this appointment be met from the normal Agricultural Budget and not from the Famine Insurance Fund.

Hence the appointment of Dr. Venkatarao as Cattle Preservation officer may be perhaps terminated at once and the Camps closed. It may be stated in this connection that the Director only deputed Dr. Venkata Rao for some work in connection with distress relief, into effect from 20th Decr 1923 and without previous sanction of Govt and it had to be approved. In fact the scheme of marching Camps had not even been thought of by Govt for the above dates viz 20th Decr 1923.

Even if it is proposed to keep the Camps open for some time more, there seems to be no necessity to keep on Dr. Venkatarao as a special officer. The work has already been organised and each Camp is in charge of an Agl. Inspector. There is not much movement of cattle... The Live Stock Expert is simply staying at Tirthere to receive cattle at the Nlr end & to help the Forest Dept

in the fodder operations. No Cattle seem to have moved and the Conservator of Forests has recently reported that the Sub Asst Conservator Mr. D. Narasimha Murthy Rao will attend to the baling pressing of hay etc already cut. The cutting operations have also ceased. Under the circs, the Camps may be supervised by the Live stock Expert, as part of his ordinary duties. This arrangement seems to be absolutely necessary to avoid further loss to Govt.

2. The Director of Agriculture is not agreeable to meet the pay of Dr. Venkata Rao from the Agl Budget mainly on the ground that it would be an injustice to Mr. M.G. Narasimhan. It would perhaps be interesting to know what the Director would have done in this connection, had not the distress relief operations come in handy and was made an occasion for praising Dr. Venkata Rao elsewhere and for setting right an supposed injustice to

23 Definite orders seem to be necessary on the following points:—

(1) How the pay of Dr. Venkatalu should be met from 20.12.23 till his withdrawl to the rest he holds in the depth. If the f.o. of 16.2.24 is to stand, then the pay will be debited to the Distress Relief fund (Famine Insurance fund) and the f.o. has to be communicated to the Comptroller thro' the Finl Secy.

(2). How the work after the Special Officer is withdrawn, has to be done in case the Camps have to be continued. The Live-stock Expert may perhaps be asked to supervise. In this connection it is very necessary to know whether the Camps may not be closed once for all. The Director may perhaps be asked to report at once as to the no. of cattle which have moved.

Narasimhan has acted as Senior Mycologist and Mr Gundu Rao has acted as Junior Mycologist, and have drawn their Salaries as such against the normal budget-grant provided in the pamphlet in the agricultural Budget. The Director first proposed that if Mr Narasimhan's pay could be met from the Supari Cess fund, Mr Venkata Rao's pay might be debited to the normal agricultural Deptl budget. But this course was found impracticable and hence it is that Mr Venkata Rao's pay was proposed to be paid from the Distress Relief funds. Now it is directed that Mr Venkata Rao should draw his pay in the agricultural Deptl only, Mr Narasimhan will have to draw the pay only of Junior Mycologist for all these months, and Mr Gundu Rao, the last man, who has actually worked, will have to be considered without Employment and will have to go without his Salary If is to avoid this inconvenience that the present proposal is made

I propose placing Dr. M.K. Venkata Rao in charge of the campaign for moving cattle to the Malnad and keeping them alive there. In fact, he has already been, in anticipation, engaged on work connected with the marking out of temporary camps and ascertaining the views of Ryots with regard to the movement of cattle from the 30th of December 1933. I propose also to place him in charge of work we may do in connection with the utilization of prickly pear and othe low grade fodders. The Live Stock Expert will be associated with all this work, but considering his other very arduous and importan duties it must be obvious that he cannot be in charge of it.

I am sure Government will appreciate the necessity of having a senior and responsible officer such as Dr. Venkata Rao to be in charge of this important work. It will require all his tact and organizing capacity to make it a success. I have, therefore, the honor to request that sanction be accorded to his being placed on duty as Special Officer for Live Stock Preservation for a period of six months from the 30th December 1933.

FROM

LESLIE C. COLEMAN, ESQ., M.A., PH.D.,
DIRECTOR OF AGRICULTURE IN MYSORE,
BANGALORE.

K.V. Anantaraman, Esq., B.A.,

Offg. Secretary to the Govt. of Mysore,

Revenue Department, Bangalore.

SIR,

With reference to Government Order No. 801-3/D. 9-23 of the 22nd inst a received yesterday I have the honour to point out two facts. In the first place it is impossible to place Mr. Davison in charge of the camps as he is at present busily engaged in assisting the Forest Department in getting the Power Balers working. Unexpected trouble has been experienced in this regard. In the second place reports of the past few days indicate that a further movement of cattle is taking place more especially from the Maddagiri and Koratagere Taluks. A report from Maddagiri received this morning shows that 100 cattle are about to move from some of the worst affected villages of Maddagiri Taluk. If the order is carried into effect at once it will be necessary to order this movement to stop. Considering the very serious conditions pervailing in this taluk I cannot do this without bringing the facts to the attention of Government.

No reference is made as regards the sale of hay in the marching camps. Obviously, some responsible officer must be in charge of this work, and, as stated, Mr. Davison cannot be made available at present without very serious dislocation of the baling of hay.

I am proceeding to Shimoga on the 28th night and shall discuss the whole question with that officer. In the meantime, I have the honour to request permission to hold the order in abeyance till I can discuss the matter with him.

Finally, I may say that even prior to the receipt of

Government Order referred to I had under contemplation the closing of the camps and in fact the matter had already been referred to Mr.Davison for his opinion as he is the officer best able to judge of the advisability of this procedure.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.

SIR,

With reference to your letter No. 1049/D of the 5th instant, I have the honour to state that I have already instructed Dr. Venkata Rao to hand over charge of the work to Mr. Davison on Thursday the 8th instant. An earlier transfer of charge was impossible, as it has been necessary for Dr. Venkat Rao to finish up the final work in connection with some of the marching camps which had not been closed.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.
